Subject: Launch of 3D Sprint 3.1.

Figure 4[®] Modular

Issue:

3D Sprint 3.1 has launched! With this, Figure 4 Modular will now have advanced features for stacked printing.

Solution:

Stacked Printing

Industrial Stacked Printing is a semi-automated workflow to create, stack, support and print multiple copies of a single part. Please visit [Figure 4 Modular Best Practices](#) and the [3D Sprint User Guide](#) for complete information.
