Available Printers
To connect, select printer from list then tap “Use” to connect.

Note: Only when the mobile device and the Printer are on the same subnet address will printers populate this area.

Connect with IP
To connect to a printer on a different subnet address, simply type in the printers IP address, tap “Search”. A green check will appear indicating the IP is correct. Tap “Use” to connect.

Use Button
Press once printer is selected

Printer Connection

Use 1-ProJet CPX 3500
Use 2-ProJet 3500 Max

Printers POPULATION

10.11.3.122

Help & Quick start guide

Print3D
