REGULATORY INFORMATION SHEET  
VisiJet® M2S-HT90 Plastic Material

**VisiJet® M2S-HT90 Material**

**USP Class VI Certification**

VisiJet M2S-HT90 material printed in a ProJet 2500 has met the requirements of USP Class VI testing. Based on these results, 3D Systems expects that similar articles made from this material will meet the compliance requirements of USP Class VI when the produced parts are cleaned using the methods described in the attached Customer Information Bulletin.

It is the responsibility of each customer to independently determine that use of VisiJet M2S-HT90 material for their specific application is safe, lawful and technically suitable. Customers should conduct their own testing to ensure compliance with any specific requirements. 3D Systems recommends that customers re-verify material suitability for applications requiring USP Class VI compliance no less frequently than every two years from the date of this publication due to potential changes in the law, regulations, material formulation or manufacturing methods.
